Lions Approve Second Annual Winter Festival

Will Provide Funds; Seek
Co-operation in Big
Program

Tentative plans for winter sports in Antioch community, which will include the second annual ice carnival, were approved by the Antioch Lions club Monday night at the dinner meeting held at Bob Hardman's resort at Bluff Lake. The outstanding success of last year's event which attracted over six thousand persons to witness the spectacular ice festival events and the payment, again assured the unanimous approval for a similar program of events this year.

A committee headed by William E. Brook was appointed by President Robert King to prepare plans for the all-season program of activities. Brook is to select his own assistants on the committee which is expected to include non club members as well as members. While the project is under the sponsorship of the Lions club which provides the funds, it was pointed out that many public-spirited citizens recognize the program as a community project and gave excellent service last year in aiding with the program.

The winter sports budget this year is expected to be considerably less than that of last year which cost many hundreds of dollars, when a shelter house was constructed and lights were installed. This equipment is now owned by the club, and unless the program is expanded to the extent of requiring further equipment and facilities, the expense this year will be under that of last year.

Will Assist Needy

Assistance for needy families at Christmas time was voted by the Lions who will join with other organizations in supplying baskets of food and toys for the less fortunate families of the community. Committees will be named to contact school teachers, Township Supervisor P. F. Naber, and heads of local charitable organizations to determine those in need of assistance.

This committee will submit reports together with estimated budgets to the club directors this week and the club will act upon them at the next meeting to be held Dec. 8.

Wesley Memorial Hospital, "Cathedral of Healing," to Be Dedicated This Sunday

Next Sunday is Wesley Memorial hospital day in all Methodist churches of the Chicago area. At four o'clock on that day The Cathedral of Healing located at 250 East Superior street, Chicago, will be dedicated. This is the first unit of the George Herbert Jones Hospital Center. Mr. Jones made this beautiful, new home possible by a gift of three million dollars, which is the total cost of the building not including ground and furnishings. The ground, which is a plot of 66,666 square feet, is all paid for. Only the furnishing remains to be provided. This will necessitate an expenditure of approximately \$250,000, much of which is already provided.

The record of Wesley's more than 50 years is one of which they are justly proud. In that time it has grown from three rooms "loaned" by the Chicago Training School for City, Home and Foreign Missionaries, to its present proportions. Over 2,000,000 have received treatment with a mortality record of less than one and one-half per cent. Seventy thousand of these have been treated absolutely free. From the standpoint of building, equipment, medical skill and moral atmosphere, there is none better in America.

Any one wishing to contribute toward the furnishing of this beautiful "Cathedral of Healing" can do so by contacting any Methodist preacher of the Chicago area. Some very valuable information in this connection will be given at the Antioch Methodist church next Sunday.

Dr. John Holland to Speak at Spring Grove

Dr. John Holland, of radio fame, whose sermons are heard twice daily over WLS in the program, "The Little Brown Church of the Air," will give an entertainment and service in the Spring Grove Methodist church Friday evening, Dec. 5. The speaker's reputation as a lecturer and entertainer is so well known that all will want to hear him. A free will offering for the benefit of the newly erected church will be taken. The public is invited to attend.

GRAYSLAKE TO HAVE NEW STATE BANK

Arthur C. Lueder, State Auditor of Public Accounts, announced today that he has granted a charter to a new bank, the First State Bank of Grayslake, Grayslake, Illinois. The new bank has a capital stock of \$50,000.00, surplus of \$10,000 and reserves of \$5,000.00.

Grayslake has a population of 1182, is located in Lake county and has been without a bank since September of 1935.

The new bank which will open for business within a few weeks has qualified for membership with the Federal Deposit Insurance Corporation and all deposits will be insured up to \$5,000.00 as provided in the federal law.

Directors are R. J. Dwyer, H. W. Peters, Theodore C. Eppig, Frank A. Wirtz, Edward Diebold, Bernard Ewald, and Clifford R. Edmister. Officers will be R. J. Dwyer, president, and J. H. Clendenin, cashier.

AGRICULTURAL EXPERT TO SPEAK AT LUNCHEON

A joint luncheon of the members of the Lake County Farm Bureau and the members of the Waukegan-North Chicago Chamber of Commerce will be held at the Karcher hotel in Waukegan next Wednesday noon, Dec. 3, according to an announcement by John Logan Boyles, President of the Chamber of Commerce. Mr. Boyles points out that this is a part of the work of the Chamber of Commerce to "continue its program for closer farm-city relations." He states that over the years there has been a development of mutual relationships and cordial cooperation between the two groups, exemplified by the support which the Chamber gives to the annual Lake County Fair at Antioch.

Agricultural Expert
The noon session will be a luncheon of the Forward Division of the Chamber of Commerce, whose chairman is V. J. Hultman. A veteran Ag-

DELOS L. JAMES

ricultural Agent has been secured as the guest speaker for this event. He is Delos L. James, manager of the Agricultural Department of the Chamber of Commerce of the United States at Washington, D. C. His subject will be "The Interdependence of Agriculture and Other Industry." It will really be a homecoming for Mr. James as he was born on a farm near Huntley in McHenry County.

The speaker will bear the title of "veteran" as he was the third Agricultural agent to be employed in Illinois, way back in 1915. His first job was with the McHenry County Farm Bureau on February 1st of that year.

His wide range of experience with the practical side of agriculture and his contact with government and state agriculture and his contact with government and state agricultural officials, serving as a background, brought him to his present day association with the Chamber of Commerce of the United States as Manager of its Agricultural Department.

Joint Luncheon

Members of the Lake County Farm Bureau are cordially invited to this joint luncheon. They are requested to make reservations by writing or telephoning the Chamber of Commerce in Waukegan, Ontario 6400, so that arrangements may be made for luncheon service. The luncheon fee is 55 cents. Luncheon begins at 12:00 o'clock and adjourns promptly at 1:15 P. M.

Mrs. Birger, Ill Several Weeks, Dies

Services Are Held in Chi-
cago; Had Lived Here
Two Years

Funeral services were held in Chicago Saturday for Mrs. Helga Johanna Birger, 58, who died at S. Luke's hospital there Thursday. Her death was attributed to leukemia. Mrs. Birger had been ill for several weeks, but the many friends she had made since she and her husband, Ernest Birger, took over the management of the Style shop here two years ago had held hopes for her recovery.

Mrs. Birger was born at Ytteran, Sweden, Sept. 5, 1883. Besides her husband, she is survived by her children, Mrs. Gudrun Wilson of Carrollton, Ill.; Leslie Birger, Detroit, Mich.; Stuart Birger, Chicago, and Thomas Birger, who is now in service with the U. S. army at Camp Custer. There are five grandchildren.

Also surviving are a sister, Signe Kjollerstrom, Chicago; a brother, Gunnar Johnson, of Detroit; another brother, Oscar Johnson, Chicago, and three sisters and two brothers in Sweden.

Interment was at Graceland cemetery.

Formerly of Galena

The Birgers took over the Style shop in March, 1940. They came here from Chicago, where Mr. Birger had been associated with Marshall Field and Company for seven years. Before that time, they lived in Galena, Ill., where Mr. Birger operated his own department store for 20 years and where Mrs. Birger was active in a number of women's organizations.

She was a past matron and charter member of the Galena Eastern Star chapter and was a member of the Antioch Business and Professional Women's club.

Junior Red Cross at Grade School Is Active Group

Plans Christmas Cheer for
Veterans at Downey, and
Children at Normal

The Junior Red Cross activities at Antioch Grade school have been given increased interest by the receipt of a scrap book sent from San Pablo Elementary school, San Pablo City, Laguna, Philippine Islands, as part of the Junior Red Cross school correspondence program.

A scrap book is to be made up at the Antioch school and sent to San Pablo in return.

An almost 100 percent membership resulted from the Junior Red Cross drive held at the Grade school coincidentally with the senior Red Cross drive. Miss Ayleen Wilson, sponsor of the junior organization, reports.

The pupils are busy now assembling articles which they plan to have ready a week before Christmas to send to the "Soldiers' and Sailors' Orphans' home at Normal, Illinois, and the Veterans' hospital at Downey (North Chicago).

The kindergarten is responsible for the collection of yarn balls; the first grade, Christmas tree ornaments; second grade, used toys; third, games; fourth, scrap books; fifth and sixth, flower containers; seventh, checker boards; eighth, quilt blocks; Girl Scouts, playing cards. Each group is, however, helping the other groups to collect the articles for which they are responsible.

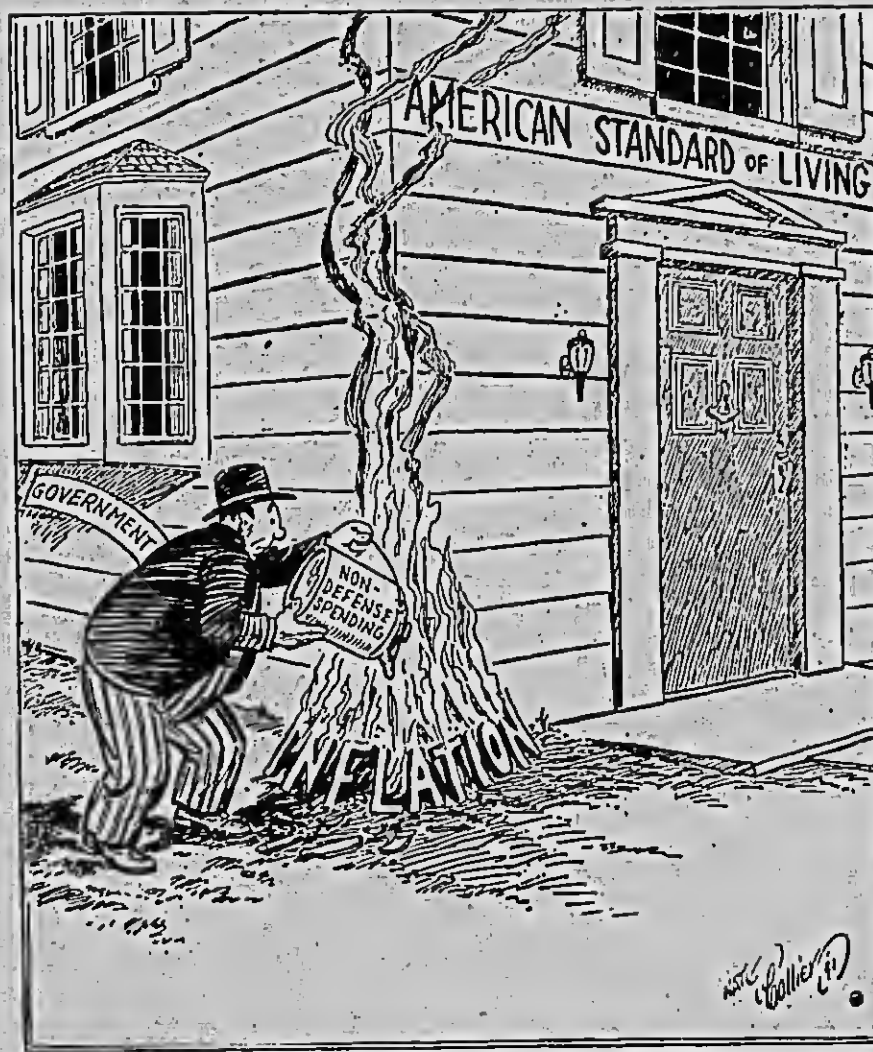

The Girl Scouts are contributing \$5 to be used for purchasing materials that may be used for the work, including the reconditioning of toys and games, the painting of two-pound coffee containers for flower holders, etc.

Persons having articles they may wish to donate for this work may notify the grade school.

The Junior Red Cross will send representatives to the county Junior Council meetings, which are held three or four times during the year. The next one will be held at Grant Township High school. Joan Felter and Ralph Trieger represented the eighth grade at a recent meeting at Warren Township High school and Darlene Bauer and Walter Messinger represented the seventh grade, with Jane Nelson as Girl Scout delegate.

Navy Does Not Demand High School Education

Legion Head, High School
Principal Tell of Oppor-
tunities for Young Men

(By John L. Horan, Navy Editor)
Since Secretary Knox announced the enlistment drive for Uncle Sam's new Two-Ocean Navy several weeks ago, many young men have asked if they were eligible to enlist without a high school education.

Roman P. Vos, Commander of Antioch Post 748, answers this important question for the young men of Antioch community.

"Navy enlistees do not have to be high school graduates," said Commander Vos. "Any ambitious and patriotic young fellow who wants to serve his country has that opportunity now by joining the United States Navy or Naval Reserve. Of course, he must be of average intelligence, good character and be able to pass certain physical and mental examinations. Now, more than ever before, the Navy needs men of that type."

"All applicants, whether or not they have high school diplomas, are given an elementary examination containing about 100 questions," explained Commander Vos. "Those receiving a grade of 50 per cent or more satisfy Navy educational standards."

Education Helpful, Austin Says

"Naturally, a high school education is helpful in the Navy, just as it is in civilian life," points out J. O. Austin, principal of Antioch High school.

"There are certain advantages for the high school graduate in the Navy," said Mr. Austin. "He has a wider background to call upon in earning advancement in position and pay. For example, men who are proficient in English may be sent to one of the Navy's communications or clerical schools. Recruits with a knowledge or aptitude for handling tools might be marked for trade or engineering courses. Men with college educations may qualify for midshipmen's training courses in the Naval Reserve and after their schooling period they will report for active duty as officers with the rating of ensigns."

"The Navy has four excellent trade schools to which new recruits in either the regular Navy or the Naval Reserve may be sent after a training period, providing they pass entrance examinations with sufficiently high grades. At these schools they will be trained in any one of nearly fifty skilled trades or vocations to which their aptitudes suit them and will receive free schooling valued at hundreds of dollars in addition to their regular Navy pay. Such an education is valuable for advancement in the Navy and in later civilian life," he concluded.

Will Show Many Pictures

John Horan, navy editor, in co-operation with the Antioch News, has been checking the community with the idea of encouraging those young men who are in doubt as to what steps they may take in serving their country at this time. In order to further carry on the recruiting program in Antioch, Antioch Legion post 748 at their regular meeting of December 4, will show moving pictures of the navy in action. These pictures are of the latest and will be sent from the Chicago recruiting office by Officer Boats in charge of navy publicity. The Legion is inviting all young men of the age of seventeen or over, also the present selectees to attend this meeting of the Legion at their hall at 8 P. M. Dec. 4.

Christmas Seal Sale Starts in County Monday

Seals Are Mailed to 22,000
Lake County Homes in
Drive Against T. B.

Christmas Seals were mailed to 22,000 homes in Lake County Monday. The Lake County Tuberculosis Association has been working since the first of September, preparing this huge mail. In addition, volunteer workers from various organizations have been generous with their services. The Girl Scouts with their leaders, folded sheets of Christmas Seals in vast numbers; the Juniors of the American Legion Auxiliary gave generously their assistance; the Phi Sigma Class of the Methodist church helped liberally in getting material in readiness; the Lake County Salon No. 191 of the 8 and 40 worked hour after hour stuffing material into envelopes, and the Boy Scout placed Posters advantageously throughout the county.

Mrs. Austin H. Niblack of Lake Forest was appointed Chairman of the 1941 Christmas Seal sale and selected as her helpers the following: Edward L. Baker, Harry A. Hall, Dr. V. R. Sleeter, Armon J. Crawford, Mrs. Mabel McCullough, Mrs. Howard Detmer, Mrs. Francis M. Knight, Mrs. Gerald Fossland, Mrs. Barney Trieger, Mrs. A. E. Johnson, Mrs. Earl Kane, Mrs. Joseph Sikes, Mrs. Sydney Barnstable, Mrs. Al B. Mizer, Mrs. Homer T. Cook, Mrs. Joseph P. Welch, Mrs. Robert Buckley, Mrs. Howard L. Scott, Mrs. Harold Feiock and Mrs. Harold Druce.

This year the Christmas Seal is of particular significance, as it was designed by a man who himself was a victim of tuberculosis. He saw the beam from the Lighthouse as a symbol of the knowledge given him by a Tuberculosis Association and it directed him to an early diagnosis of his case and to a sanatorium for cure. The Lake County Tuberculosis Association is the lighthouse to the victims of Lake County and the light from that beam will be as strong as the support given by the people whose help is needed to keep the light shining.

In the fight against tuberculosis we may appeal to one of the basic instincts of mankind—the desire of self-preservation. Ours is not only a charitable work, it is a protection of our personal health. When tuberculosis is defeated, we are protecting our own home.

The Christmas Seal Sale is a drive for funds to carry on this fight. It is an investment in a genuine form of "life-insurance." As the public comes to this realization, there should be an increased appreciation of the value of our work, a rapid acceleration in the response to the Christmas Seal Sale—as an investment in public and personal health.

Everett Girtler in Naval Officers Reserve Corps Unit at Northwestern

Evansville, Ill., Nov. 26 (Special).—Everett A. Girtler, son of Mr. and Mrs. Anton Girtler, of Antioch, Ill., is among the 63 officers of the Naval Reserve Officers Training Corps unit at Northwestern university this year. The entire unit of 313 men, the largest in the 15-year history of the group at Northwestern, is composed of students regularly enrolled on the Evansville campus of the university.

Girtler, who is a junior in the School of Commerce, is a petty officer, fourth class, and a squad leader in the first company. He is a member of the unit's rifle team also.

City Briefs

The Antioch Township Library is starting to move today into the quarters formerly occupied by the Antioch Five and Ten Cent store. The shelves and furniture are to be moved first, and Saturday the removal of the books will start. The library will be closed today, Friday and Saturday.

Schick tests were given to 13 children Tuesday at Antioch Grade school and 12 kindergarten and pre-school children were vaccinated for smallpox. Thirteen others will receive smallpox vaccinations Dec. 9. At that date physical examinations for the fourth grade pupils will also be held. On Dec. 16 diphtheria inoculations will be given, and a second inoculation for diphtheria will take place Jan. 5.

The Antioch fire department was called to the Naber building on Main street when a chimney fire broke out Friday evening. The R. E. Moon grocery store is located on the first floor of the building. There are apartments in the upper story.

Needed in Washington

In the hills of Arkansas, a son was
born to one of the natives. As he
grew from infancy he never spoke a
word and his parents raised him as a
deaf mute. One day the farmer was
bent over at his work in the orchard
and did not notice that he was in the
path of an enraged bull.
"Look out, pa!" the son shouted.
Here comes the bull!"
The father ran to safety and ex-
pressed his joy that his son had found
speech. "Well, pa," the son replied,
"I just ain't had nothin' to say before."

RIPLEY DEPT. . . .

Charles Ackerman of Indian Point brought to
Antioch Saturday a live frog which he
deposited and says was imprisoned in a
short length of water pipe in the basem-
ent of his home there for over three
years. The amphibian was found there
by workmen who were making altera-
tions in the plumbing. It was just
above a rotary pump and below a
check valve with no possible means of
escape, in a part of the pipe-line that
was under 40 pounds of pressure most
of the time. When found, the frog
was in a semi-stupor, but it revived
quickly, Ackerman said, and the next
day was as lively as any frog. Both
Ackerman and Jim Caple who works
for him say that the water pipe had not
been disturbed for more than three
years. How did the frog get into the
pipe and how did it manage to survive
for three years in the cramped quarters
and with no food? Your guess is as
good as anybody's. Caple says he will
swear to the truth of the story.

There have been many cases of rec-
ord where frogs have survived for long
periods, supposedly in a state of sus-
pended animation. Maybe this is one.
Could be.

The Antioch firemen say they may
be good, but they can't mind readers.
The other night when they dashed to
the station to answer an alarm, they
were left standing around in bewilder-
ment for a few minutes trying to figure
out where the fire was On ac-
count of the party who broke the
glass in the alarm box in front of the
station beat it without leaving any in-
formation on where the fire was
and it could have been anywhere with-
in a radius of several miles around
Antioch. And, say the firemen, it isn't
the first time and in some cases
the fires weren't right in the village,
like this one was.

When Tomorrow Comes

"How are we going to find jobs when this emergency is over?"

That's the thought in the minds of millions of men and women who are now working in defense factories all over the country. What will happen to them when America beats its swords into plowshares?

Industry is tackling that problem right now, along with the dozens of other problems created by defense production itself. It's laying plans for a speedy change-over to increased civilian manufacturing when this emergency is ended.

Even while they're busy turning out more and better armaments, many companies are studying defense inventions, trying to figure out peace-time applications for them. At the same time they're continuing their customary research on civilian articles. They're developing new products of every description—developing them right up to the point where they can be put on the market. Only, instead of putting them on the market now, they're stiring them away on the shelf. When this emergency ends, those new products will be taken down and put into production immediately.

Facts like these indicate that industry, as usual, is doing its job today and planning ahead for its job tomorrow. And when tomorrow comes, it will have many new articles to manufacture. In manufacturing them it will be able to create new jobs and give us all more of the comforts and conveniences of life that we Americans want.

Chickens Home to Roost

The New Deal labor chickens have come home to roost.

No one can deny that the continuous series of defense strikes and threats of strikes constitute a grave internal problem. Nor can it be denied that this problem is the direct result of President's Roosevelt's lack of courage in facing the labor issue squarely.

In the past, Mr. Roosevelt has been more than just to labor. He has openly catered to it, granting it con-

tinually increased immunity and privileges in return for votes and campaign funds. The Defense Mediation Board which Mr. Roosevelt entrusted with the task of dealing with strikes during the emergency was deliberately hamstringed by lack of authority. The Board was created because public opinion forced it as a gesture on the part of the President—but the Board never was given a clear-cut, fair policy on which to base its decisions. It was no more able to meet the labor question squarely than its creator was willing.

And so today, and tomorrow, and the next day there will be no "solution" to the vital labor problem which the country faces. There can be no solution until the President is willing to face the issue with courage and determination. He must forget the New Deal philosophy of "make sure of the votes" at all costs. He must rise above his own record of temporizing and vacillation.

If Mr. Roosevelt does not now meet the issue the security of the Nation will be endangered.

Pooling Their Brains

We've heard a lot about shortages in the defense program. Silk, copper, aluminum—the list is growing. But we haven't heard much about the greatest shortage of all—the shortage of facts. Facts about taxes, strikes, priorities, price control and other vital problems affecting business in the midst of the greatest upheaval in the history of private enterprise. America must have such facts. That's the only way we can solve the complex problems ahead.

The Congress of American Industry being held in New York next week by the National Association of Manufacturers will be a big step toward passing the facts on to the nation's industrialists, large and small. Men in the know about current business problems are going to get together and thrash them out. They have a big job ahead of them, but the fact that they're pooling their knowledge and experience in this congress indicates their determination to solve their difficulties with speed and accuracy.

Power feeds on itself. Power begets, and always wants, more power. The only possible way, now, in which a wholesome curb can be put upon the vast powers which have been delegated to the Executive Department and the political bureaucrats is for the Republicans to regain control of the House of Representatives in 1942.

Too many of our administrators today have important places in government not because of their own capacities and abilities but by reason of personal friendships.

CHRISTIAN LOVE

LESSON TEXT—John 13:34, 35; 1 Corinthians 13:1-13.
GOLDEN TEXT—We love him, because he first loved us.—1 John 4:19.

Many important things enlist the interest of the Christian, but we need to beware lest we neglect what Jesus declared to be the first and great commandment—that we love God; and its necessary sequel—that we love our neighbor. If love is forgotten (and who can deny that it often is in our day?), the very foundations are shaken. We need a revival of Christian love.

I. Love—A Mark of Discipleship (John 13:34, 35).

Do you want to know whether a man is a Christian? Find out whether he loves his brethren. Such is the test Jesus gives in these verses.

1. Commanded. It is the will and purpose of God that the followers of Christ should have a real love for one another. It is not to be a matter of impulse or chance, but the love God has for us should constrain us to love one another. This is love.

2. Exemplified. God has loved us. He does love us. How infinitely much is wrapped up in these simple words! He even gave His Son to die for us because He loved us (John 3:16). How then can we withhold our love from Him and from one another?

II. Love—A Christian Grace (1 Cor. 13).

In a world where hatred prevails, and is in fact glorified, this chapter needs to be read and reread. We find that love is

1. Essential (vv. 1-3). Life has many excellent gifts and men quite properly seek after them. How do they compare with love, and what do they amount to apart from love? Glowing, angelic eloquence; the far-seeing eye of the prophet; the attainments of knowledge and culture; mountain-moving faith; liberal-hearted charity; martyr-like self-sacrifice—without love they are all as nothing. Apart from Christ and His love operating in our hearts and lives the worthiest attainments of men are vain and empty. Love is the very essence of a satisfying and useful life.

2. Effective (vv. 4-7). Does love really work, or is this just a fine-sounding but obsolete theory? It works.

Think of the things in life which irritate and depress us; then put opposite them the qualities of Christian love as given in verses 4 to 7, and you will agree that what this world needs most of all is love.

Remember that talking about love or reading about it or studying it in the Sunday school will not make it effective. We must put it into practice. Why not start now? You will be surprised at the results.

3. Eternal (vv. 8, 12). Many gifts are only temporary in their usefulness; in fact, almost everything that man makes or does (apart from his service for God) is transient. Even so vital a matter as prophecy shall one day find its end in fulfillment. Hope shall eventually find its longing expectation satisfied. Faith will be justified in seeing what it has believed. Childish things will be put away by the full-grown man, knowledge will increase and darkness disappear.

But love—love is eternal. It never fails, and will never fail. God is love and God is eternal. From all eternity and unto all eternity love continues. Therefore, we agree with Paul who in the verse preceding this chapter (1 Cor. 12:31) says that while you may covet the best gifts, here is the more excellent way—love.

Let us be clear about this. Love is not a substitute for regeneration, and certainly regeneration is no excuse for lack of love. Read John 13:34, 35 again and remember that if we are Christ's disciples we will count it a high privilege to keep this first and great commandment of love.

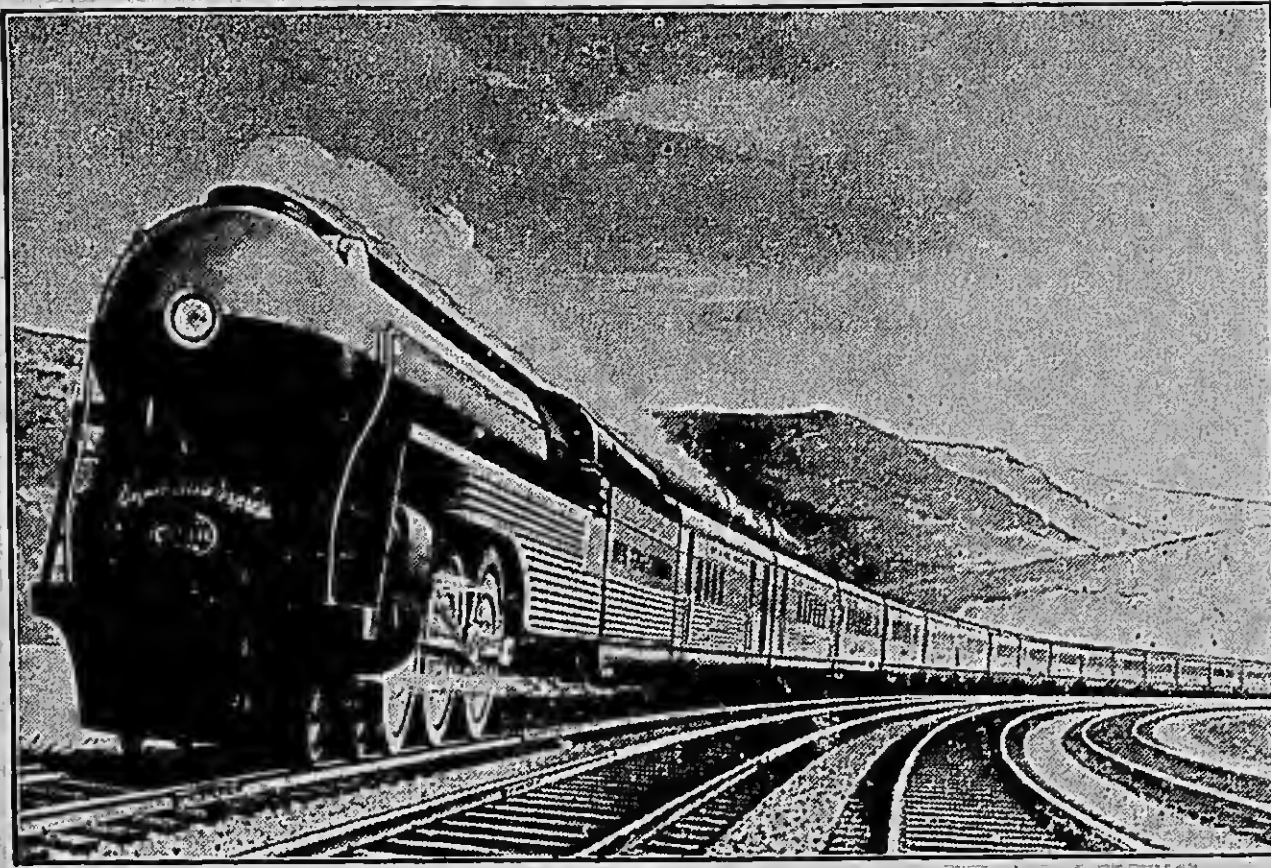

Dependence on God

Poverty in any shape helps to stir in man a sense of need, a disposition to consider himself as dependent. . . . The real puzzle of life consists not in the fact of widespread poverty but in that of widespread affluence; in the fact that so many are, sufficiently endowed with "goods" as to believe they can live by them, and so cease to look for their true life to God their Father.—E. Lytleton.

Death Becomes Transparent

And so the empty tomb becomes the symbol of a thoroughfare between life in time and life in the unshadowed presence of our God. Death is now like a short tunnel which is near my home; I can look through it and see the other side! In the risen Lord death becomes transparent. "O death, where is thy sting? O grave, where is thy victory?"—Dr. J. D. Jowett.

The 'Empire'—Latest In Streamliners

FIRST picture of the new Empire State Express, New York Central's new super-streamliner to be placed in service within a few weeks between New York, Buffalo, Cleveland and Detroit. Its 22 stainless steel cars are now nearing completion in the Philadelphia shops of the Edward G. The Wilmot High and Grade schools were closed for the Thanksgiving vacation with most of the teachers going to their respective homes.

The Wilmot basket ball team won the opening game last Wednesday, at Union Grove 14 to 13. It was an overtime game, as they were tied at the sound of the closing bell.

This week Mukwonago plays Wilmot Friday evening, Nov. 28, at the gymnasium.

The date for the annual Sophomore class production has been set for Saturday, Dec. 13.

Last Friday we had the pleasure of hearing one of Lillian Bonnem's compositions, "This Is the Beginning of the End," introduced over the air by Ray Grnis, organist at WRJN, Racine, and played by him on several subsequent programs. Mr. Grnis is known throughout this section as one of the finest of musicians, and we all appreciate his interest and cooperation in giving one of our talented neighbors a helping hand. We are looking forward to hearing more of Mrs. Bonnem's songs over WRJN in the near future.

Guy Loftus, Louis Rasch, Raymond Stoxen, Cliff Rasmussen, Ivan Newell and Warren Behrens, all left for various parts of the north for deer hunting. Ivan Newell and Warren Behrens returned home on Sunday.

BUICK BUILDS FOR DEFENSE
Our assignment: Building Pratt & Whitney engines for defense use.

THE needs of the defense program decide how many Buicks we can build for you in 1942.

But there is no limit on how well we may build with the materials at our command.

So we invite you to look upon this car not as you would any ordinary new model, but as an unusual vehicle built to square with unusual times.

Check into the strength we have forged and hummered and wrought into the frame, the chassis, the drive.

Look into the everlasting comfort which is provided in soft, all-coil springs.

Dig into the engine, and see how resourceful engineering has stepped up the efficiency of valve-in-head design with Dome pistons and FIREBALL compression — how it also enables you to conserve fuel while actually getting more power through Buick's exclusive Compound Carburetion.

You may have little interest normally in things like connecting rods and main bearings, and wheel rims.

But it is of utmost importance now that Buick knew how to strengthen rods for heavier duties without increasing weight — that Buick found a way to oil-finish crankshaft journals so as to double bearing life under equal loads.

Little of this special ruggedness shows in the suave outward look of this trim and steady-rolling Buick — the beauty you see there is merely the garnish on the solid substance beneath.

But examine such structural details and we believe you'll quickly discover one fact:

While there may be a shortage of cars and of materials from which to make them, there's no shortage in stamina in the cars Buick builds.

And what is more important in any car these days?

CHRISTIAN SCIENCE CHURCHES

"Soul and Body" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 23.

The Golden Text was, "Rejoice the soul of thy servant; for unto thee, O Lord, do I lift up my soul" (Psalms 86:4).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "What? Know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own? For ye are bought with a price; therefore glorify God in your body, and in your spirit, which are God's" (1 Corinthians 6:19, 20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul is the substance, life, and intelligence of man, which is individualized, but not in matter. Soul can never reflect anything inferior to Spirit. The spiritual man's consciousness and individuality are reflections of God. They are the emanations of Him who is Life, Truth and Love" (pp. 477, 336).

Sequoit News

Friday Assembly Period
Meets With Diverse
Student-Faculty Ideas

Every student at Antioch Township High school, if asked to name his favorite school day, would probably say Friday. "Of course," you may say, "That's the last day of school," but that is far from the chief reason, for every Friday morning the student body is treated to an assembly, which on the average lasts about an hour—no one seems to know the exact length of it but the faculty members say "too long," while the student body insists "not long enough." (It has been claimed that applause by this last-mentioned group is more than enthusiastic and, on mornings when quizzes are due in classes, Sequoit appreciation of talent has been known to reach such heights that three encores scarcely satisfied the audience. Of course this aforesaid happening is the result of only the highest and most unmercenary motives on the part of the students.)

Another reason for the pleasurable anticipation with which the students look forward to Friday morning is the pep-meeting, during which the cheer leaders incite the Sequoits to louder and more ferocious yells than ever were given by Apaches on the war-path against their most hated enemies. Mr. Wolfenbarger, coach and adviser to the pep-club, is always on hand to give the meeting a boost—if the cheers fail to live up to his expectation of what the student body can do with their throats (which frequently happens), he leads a super-cheer which never fails to raise the roof and leaves the astounded Sequoits looking at each other with surprised looks on their faces.

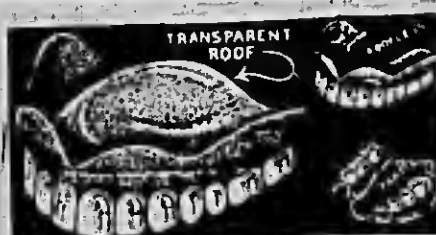

The talent, already mentioned in this article, usually consists of several singers from the music classes, to whom there is sometimes added an instrumentalist or perhaps an alumni or two, all of whom are received with the greatest delight and approbation by the ever-loving student body.

Among the freshmen who entertained at a recent assembly were Don Bratrude, Evelyn Marrs, Mabel Lou Hunter, Doris Burdick, Stuart Good, Don Bauer, Louie Nielsen and Johnny Dunn. Lila Dalgard, an alumna, sang for the students during the freshman assembly also.

Several sophomores sometimes show their skill in matters musical, notably Myrtle Hardtke, June Kutli, Terry Wimmer, and Sarah McBride.

The Senior assembly is scheduled for this coming Friday, and probably Catharine Quigley and Sybil Johnson will be heard from again. Joan Miller, Eddie Dunford, Eddie Ruschewski, Dean Weber, Jim Jones, Bud Maplethorpe and Ted Maplethorpe also have appeared on previous programs.

"Imagine me, steering a Destroyer!"

"And I've had two pay raises in only eight months! I'll say you can't beat Uncle Sam's Navy!"

YOU couldn't ask for a greater thrill than that which a fellow gets when he comes back home wearing a trim Navy uniform. The folks crowd around. They all want to know where you've been, what you've done. And man, do you have stories to tell!

GREATEST LIFE IN THE WORLD

You're proud. And you should be. For you've been leading the greatest life in the world. And it's a thrill to tell about it, too. A thrill to see the admiration in the eyes of the One and Only Girl as you tell about the first time you steered a Destroyer. Or handled a P.T. Boat at more than 45 miles per hour. Or stepped out in front of your shipmates to receive your first promotion.

And with that promotion came an increase in pay. And there were more to come. Second Class. First Class. And then Chief Petty Officer. Many might even go to Annapolis. Or to Pensacola with the flying cadets!

Exciting? You bet, and fun too. Something doing all the time. Real he-man's stuff. Boxing. Baseball. Football. Swimming. AND MOVIES... previews, too!

LOOK WHAT THE U. S. NAVY AND NAVAL RESERVE OFFER YOU

FREE TRAINING worth \$1500. Nearly 50 trades and vocations to choose from.

GOOD PAY with regular increases. You may earn up to \$125 a month.

EACH YEAR you are entitled to a generous vacation period, with full pay.

GOOD FOOD and plenty of it.

FREE CLOTHING: A complete outfit of clothing when you first enlist. (Over \$100 worth.)

FREE MEDICAL CARE, including regular dental attention.

FINEST SPORTS and entertainment any man could ask for.

TRAVEL, ADVENTURE, THRILLS—You can't beat the Navy for them!

BECOME AN OFFICER. Many can work for an appointment to the Naval Academy or the Annapolis of the Air at Pensacola.

FUTURE SUCCESS. It's easy for Navy trained men to get good-paying jobs in civil life.

LIBERAL RETIREMENT-PAY for regular Navy men.

FREE TRAINING WORTH \$1500

And all this time you're taking care of your future! The Navy said, "Pick a trade—we can make you an expert." And they gave you nearly 50 skilled trades and vocations to choose from: Radio expert, machinist, welder, aviation mechanic, dental technician, electrician—to mention a few.

Yes, training that would be worth \$1500 to you in one year's time. Training that will assure you of a well-paid job in civil life. Yet you get paid while learning—get your keep and a complete outfit of clothing free.

Where else in the world are there such opportunities for thrill, for fun, for a future as in Uncle Sam's Navy?

Get this FREE booklet

Mail coupon for your free copy of "Life in the U. S. Navy," 24 pages, fully illustrated. It answers all your questions. ENROLL IN THE NAVAL RESERVE ... BE RELEASED AFTER THE EMERGENCY

The Secretary of the Navy has announced:—"All men now enlisting in the Naval Reserve will be retained on active Navy duty throughout the period of the national emergency, but they will be released to inactive duty as soon after the emergency as their services can be

spared, regardless of the length of time remaining in their enlistment."

Remember—the regular Navy and Naval Reserve offer you the same travel, training, promotions, pay increases. Physical requirements in the Naval Reserve are more liberal.

The next meeting of the Ladies Aid society will be held on Wednesday afternoon, Dec. 10, with Mrs. Henry Cable at her home.

The annual turkey dinner will be served on Thursday evening, Dec. 4, and all who have ever attended one of these dinners knows what a splendid meal is always served at the church dining room. In connection with the dinner, the ladies will have a supply of articles suitable for Christmas gifts, such as aprons, rugs, handkerchiefs, pillow-cases and a fine selection of Christmas cards.

The Community Christmas party sponsored by the various organizations of the township at the school gymnasium probably on the Friday or Saturday evening preceding Christmas, is well under way and the various committees appointed for the various duties have already started. In addition to the party, a committee from out of town will judge the display in store windows, homes and grounds for the most attractive and prizes will be awarded.

Mrs. Mary McGlashan entertained the members of her Birthday club on Monday afternoon to celebrate the birthday of Mrs. Henry Cable, who was presented a bedroom lamp as a gift from the group.

Mrs. Raymond Hussey had her sister from Xenia, Ohio, as a guest during the last two weeks.

Mr. and Mrs. Sidney Barnstable entertained at a family dinner on Thanksgiving Day and the Lewis Barnstable family of Butler, Wis., the Verne Barnstables and Mr. and Mrs. Lars Steffenburg of Antioch, Mr. and Mrs. Harry Steffenburg of Libertyville, the Ervin Barnstables, the Charles Brittons and Nels Steffenburg, of Lake Villa were their guests.

Mr. and Mrs. Grant E. Miller, Mrs. Mary Miller and Mrs. Verona Schaub spent Thanksgiving with their sister in Chicago.

The Clayton Hamilton's small daughter, Patricia, underwent a tonsilectomy at St. Theresa hospital last Friday and is recovering nicely at her home.

Clayton Hamilton, who is employed at Wilmington, Ill., spent the holiday with his family here.

Mr. and Mrs. Guy Chapman of Beloit were guests of Mr. and Mrs. Carl Seeger last week and Mrs. Seeger is improving from her recent illness.

Mr. and Mrs. Lester Hamlin and sons spent Thanksgiving with her parents, Mr. and Mrs. Arthur Nauta, in Waukegan.

Will Sehora, who is employed at the Avery shop, spent the recent holiday with his daughters in Waukegan and Waukegan.

Planning More Defense Foods

Farmers in this State and elsewhere in America are beginning to make plans for producing more "defense foods" in 1942. Among the highly-nutritious foods needed in greater quantity are milk, cheese, eggs, meats, and vegetables. Good market prices for the year are assured. Every farmer in the nation will be visited this fall by an AAA farm program committeeman who will assist in planning the increases.

U. S. NAVY RECRUITING OFFICER PRESENTS APPLICANT WITH NEW "BADGE OF HONOR"

COMMANDER F. K. O'BRIEN, of the U. S. Navy Recruiting Service, is shown here placing the new Navy "Badge of Honor" on the lapel of an applicant for enlistment in the Navy. (Badge shown above at right.) All ambitious young men who apply for service in Uncle Sam's "Two-ocean" Navy, whether accepted or not, are given this new badge as a mark of their patriotism. To learn of the many opportunities the Navy and the Naval Reserve offer, local men of 17 years and over can get the official illustrated free booklet, "Life in the Navy," from this newspaper's Navy Editor.

"NAVY INTELLIGENCE"

Is it necessary to be a high school graduate in order to enlist in the Navy?

No. Navy enlistees need not be high school graduates. All applicants will be given an examination containing approximately 100 questions. A grade of 50 per cent or better on this examination is sufficiently high to pass the Navy educational standards. However, a high school education will be valuable to the seaman during his Navy enlistment.

If I enlist in the Navy or Naval Reserve, will I be sent to a Navy Trade School?

All new recruits are sent to one of four Naval Training Stations and after a training period they may take examinations for entrance into Navy Trade Schools. Those recruits who pass their examinations with sufficiently high grades are sent to Navy Trade Schools before assignment to the fleet. While attending these schools, they will receive regular Navy pay and free schooling valued at \$1500.

What is the greatest possible pay I can expect to earn during my first term of enlistment?

It is possible to earn as much as

\$126 a month by the end of your first term of enlistment, and remember that your lodging, medical and dental care are all supplied free.

After I have served my term of enlistment, what benefits do I get for re-enlistment?

Depending on your rate and length of service, you can get a cash bonus up to \$600 plus 30 days leave with pay.

What does the term "ash can" mean in the Navy?

An "ash can" is a slang term applied to the depth charge used to combat submarines. The average "ash can" is a container filled with approximately 300 pounds of T.N.T. and can be dropped overboard from a ship and an controlled as to explode at depths ranging from 36 to 300 feet. These are generally carried by the fast ships in the fleet, as a burst dropping a charge regulated to explode at 70 feet depth must move away from the explosion area at a speed of 25 knots or more. These "ash cans" are either rolled off the stern or shot from "y-guns" which hurl one right and one left simultaneously.

How you can cure

WINTER DROUGHT

in your home

New Republic Gas Humidifier

vitalizes parched air with gallons of needed moisture

WINTER AIR contains less moisture than summer air, and when artificially heated in the home, it becomes even more dry, producing "Winter Drought" in unprotected homes. Often, as a result, doors shrink, floors warp and creak, furniture comes apart at the joints, the backs of cherished books begin to loosen, and rugs and draperies lose resiliency. But, perhaps worst of all, parched winter air is uncomfortable. Makeshift methods of introducing moisture into homes suffering from "Winter Drought" have never been satisfactory.

The scientifically-designed REPUBLIC HUMIDIFIER has been thoroughly tested by our engineers for the maintenance of properly moistened air during winter months throughout the entire home. It supplies as much as 11 gallons of moisture a day in the form of an invisible vapor.

Christmas Play Will Be Given Thursday, Dec. 18

Plays Are Included Within Play, "The Orphans' Christmas"

(by Martha Wiech)

Plays are already under way for the Christmas play to be given here Thursday, Dec. 18, at 8:00 P. M. under the direction of Mrs. Marguerite K. Phillips.

The title of the main play is "The Orphans' Christmas" and those of the plays within the play are "Good King Wenceslaus," "When Amethyst Comes," and "David." In the main play the characters are Miss Tardy, the mother of an orphanage, Richard Ware, a young singer, once an inmate of the home, and Bill Tree, Becky Bible, Mary Street, Annie Bottle, Tommy Deer, and Mabel Walk, all six orphans. In the first play within the play Madame Gesner is the caretaker of the Korinsky Castle in Bohemia. Sophy is her very pretty daughter. Count Ledislav Novak is the aristocratic uncle of Anton Novak, a young aristocrat also in the play.

Ann Jennings, an idealist, John Jennings, very modern, Mrs. Jennings, a middle-aged woman who has tried to keep young, Mr. Jennings, easy-going business man in a small Southern town, Beth Jennings, very sure of her power over the male sex, July Jennings, a bit hard in her outlook on life, and Bert Carter, her husband, all are characters in the second play within a play.

David, a young shepherd boy, is in the third play within the play which, incidentally, bears his name. Other characters are His Master, Joseph, and Mary.

Late Rally Fails to Save Warren Game

(By Rosalie Sibley)

The Warren boys' basketball team, the Antioch Sequoits, in a battle staged in the Warren High School gymnasium, lost to the Horlick High team, 26-18, on Friday, Nov. 28.

The Sequoits were led by Dick Kaufman, who made two field goals and three free throws, and by Murre, who made two field goals and three free throws. The Horlick team was led by William Horlick, who made two field goals and three free throws, and by William Horlick, who made two field goals and three free throws.

Sequoits Drop Basketball Game to Horlick High

(By Rose Marie Zellhofer)

The Antioch Sequoits lost to William Horlick High school, November 19, in an exciting basketball game during which the score was tied seven times and in which the lead changed hands eight times.

Although they tried desperately to save off an Antioch drive, Horlick demonstrated its power in the third and final periods with a barrage of baskets to come from behind, take the lead, and hold it.

Twenty-nine personal fouls, 19 on Horlick and 10 on Antioch, failed to mar the game. Although scoring only one field goal, the first half, Antioch left the floor with a 13-11 margin. The Sequoits got one field goal in the third quarter and Horlick led with the score 26-18. Antioch in the final minutes of play changed its offense from set play positions and in race horse basketball dropped in four field goals.

The Sealer and Gray demonstrated its danger to future enemies on the court by having six men score from the field.

"Quiz Session" Is Feature of Freshman, Sophomore Gathering

(By Rose Marie Zellhofer)

The freshman-sophomore party held at Antioch Township High school and arranged by the freshman class under the supervision of Miss Dorothy Lyne and Mr. Lewis Hack, offered unusual entertainment for the sophomores Tuesday evening, Nov. 18. Dancing occupied most of the evening. During the evening the announcer, Stuart Good, and general chairman, Mabel Lou Hunter, conducted a quiz program between four girls: Billie Mae Runyard, Grace King, Laurel Sohey, and Ellyn Mae Wilton, and four boys: Billy Perry, Sammy Kloss, Don Gao, and Richard Atwood, with the girls being the victors. A pie eating contest between Don Bauer, Earl Talley, Allan Thon, and Irving Weber, amused the audience. Guessing what advertisement the pictures worn by students represented was received favorably.

Committees were as follows: general chairman, Mabel Lou Hunter; Games, Kenneth Krueger, Margaret McGlynn, Bob Bennett, Don Bauer, Alan Thain, Clarence Bennecke, Louis Nielsen, and Helen Lyette Sohey; Raymond Scott, Marilyn Sohey, Louise Elms, Stephen Rayko, Dori Burdick, Harry Smith, Ruby Rudolph, and Geraldine Young; refreshments, Charles Vykuta, Laurel Sohey, and Edna Barnstable; Dances, Don Brudule, and Jean Oren; announcing, Stuart Good; invitations, Ruth Dalke, Betty Busscher, Duke Morris, Marilyn Tiede, Donald Gao, Ralph Nader, Robert Ebeling, Lorraine Hutchinson, and Freda Edlemann.

Training For Defense

By Rufus T. Strohm

Dean, International Correspondence Schools

WITHOUT an intercommunicating system consisting of cables and wires, the modern battleship would be all but worthless. The wiring is just as important as the gun turrets or the steam power. The ship might have all the appearance of a first class performer, but she would be of little value in action.

Some men are like an unfinished ship. They have the appearance of a potentiality, but without skill they are not capable of doing a job that requires responsibility. They are mere shells of efficiency until the "wiring" or training is acquired.

Today thousands of men are working in the New York Navy Yard, busily engaged in building this nation's two-ocean navy. These men are given opportunities to advance to better jobs. The task demands skilled technicians and mechanics. Every department must have highly trained men to direct those who build and fit together the parts of gigantic battleships.

The Navy is proud of the split of the men who build ships, but that is not enough. Such workmen must be perfectionists. There is not much time to train men, but every effort is being made in that direction.

The big jobs in the shipyard, like those in any other great American industry, are handled by those men who are properly "wired" to produce with speed and efficiency. You have to have the "know how!"

THE PROOF OF LAST WEEK'S AD. THERE WERE NO PURITANS ON THE MAYFLOWER. The Dictionary of U. S. History confirms the fact that the Puritans were members of the Church of England who wanted to "purify it." While the Pilgrims were separatists in sentiment. The Pilgrims came over on the Mayflower.
